OFFICE OF PETITIONS

In re Application of Muller, Norbert Application No. 09/101,498 Filed: July 9, 1998 Attorney Docket No. VO-391

ON PETITION

This is a decision on the petition under 37 CFR 1.137(b), filed February 18, 2004, to revive the aboveidentified application.

The petition is **DISMISSED**.

Any request for reconsideration must be submitted within TWO (2) MONTHS from the mail date of this decision. No further petition fee is required for the request. Extensions of time under 37 CFR 1.136(a) are permitted. The reconsideration request should include a cover letter entitled "Renewed Petition under 37 CFR 1.137(b)." This is not a final agency action within the meaning of 5 U.S.C. § 704.

This application became abandoned for failure to timely reply to the non-final Office action mailed October 10, 2000. No extensions of time under the provisions of 37 CFR 1.136(a) were obtained. Accordingly, this application became abandoned on January 11, 2001. A Notice of Abandonment was mailed May 22, 2001.

A grantable petition under 37 CFR 1.137(b) must be accompanied by:

(1) the required reply,1 the petition fee,

a statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional, and a terminal disclaimer and fee if the application was filed on or before June 8, 1995 or if the application

is a design application.

Where there is a question as to whether either the abandonment or the delay in filing a petition under 37 CFR 1.137 was unintentional, the Commissioner may require additional information.²

The instant petition lacks item (1). A response to the non-final Office action is required to revive the aboveidentified application under 37 CFR 1.137(b). A copy of the Office action is enclosed for petitioner's convenience.

There is no indication that the person signing the instant petition was ever given a power of attorney or authorization of agent to prosecute the above-identified application. If the person signing the instant petition

In a nonprovisional application abandoned for failure to prosecute, the required reply may be met by the filing of a continuing application. In an application or patent, abandoned or lapsed for failure to pay the issue fee or any portion thereof, the required reply must be the payment of the issue fee or any outstanding balance thereof.

² See MPEP 711.03(c)(III)(C) and (D).

desires to receive future correspondence regarding this application, the appropriate power of attorney or authorization of agent must be submitted. While a courtesy copy of this decision is being mailed to the person signing the instant petition, all future correspondence will be directed solely to the address currently of record until such time as appropriate instructions are received to the contrary.

It is not apparent whether the statement of unintentional delay was signed by a person who would have been in a position of knowing that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional. Nevertheless, in accordance with 37 CFR 10.18, the statement is accepted as constituting a certification of unintentional delay. However, in the event that petitioner has no knowledge that the delay was unintentional, petitioner must make such an inquiry to ascertain that, in fact, the delay was unintentional. If petitioner discovers that the delay was intentional, petitioner must notify the Office.

The above-identified application has been abandoned for an extended period of time. The Patent and Trademark Office is relying on petitioner's duty of candor and good faith and accepting the statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional.³
